Marilyn, there's a
looks like there's a
great future opening up
for us as followers of the Prince
of Peace. Jesus is so good to me;
so forgiving, so patient, so kind and so
true. I know you feel the same way.
Our little problems are nothing
when the Lord takes control. I wish to thank you for
your loyalty, kindness and understanding of God's
not only toward the Lord, but also towards me. And the
fellowship we had with the Lord is undescribable. your actions
as a Christian, has brought me to a better understanding of
Kingdom. I pray that we can continue in fellowship for the coming
years. Sr. Comp. with Mr. Simon was a real experience. even the teacher
learned alot about "life" this year. just because you're moving further away doesn't
mean we can't have fellowship together. OK! This Summer for sure. I also want to
thank you parents for the short but wonderful moments we had together, (as if I were
their son). Thanks Mom & Dad! But most of all I want to thank you. Thanks Marilyn!

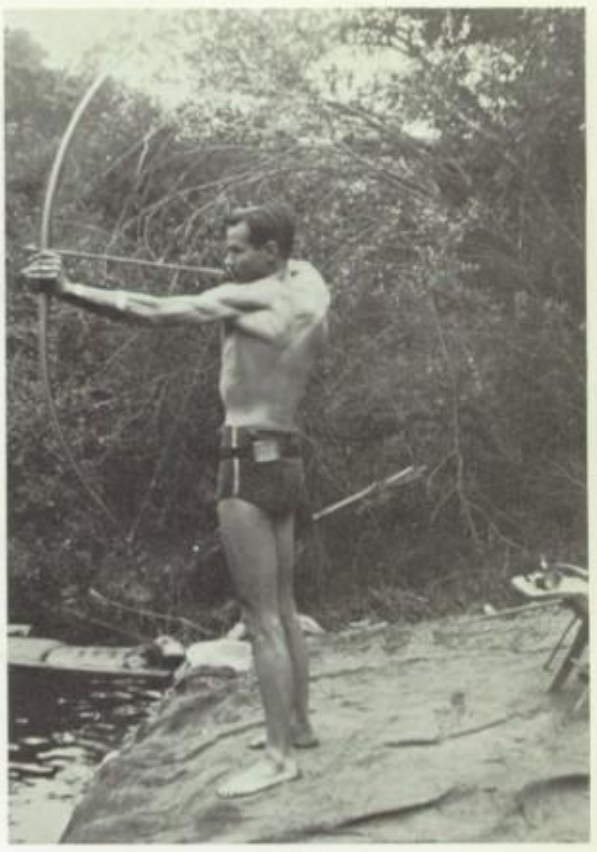
Dedication



TEOCALLI 1971 is dedicated to a man who has dedicated so much of himself to the betterment of Mark Keppel High School and the education of its students. James F. Kemp, Principal of Mark Keppel since July of 1967, will retire shortly after graduation of our seniors.

Mr. Kemp began his career at Alhambra High School in 1940 as a Physical Education Teacher coaching all sports. In 1947, he became a Counselor at Alhambra High and held that post until 1955, when he came to Mark Keppel to assume the position of Assistant Principal of Business.

Displaying admirable qualities of leadership, Mr. Kemp has served as President of the Alhambra Teachers Association and has held the position of Representative to the California Teachers Association State Council. Our Principal has also been an active member of the community. He has obtained membership in Phi Delta Kappa, the California Association of Secondary School Administrators, and the Monterey Park Lions Club. Presently, he is also Chairman of the C.I.F. Pacific League.

Mr. and Mrs. Kemp have two sons and a daughter, Linda. Both sons are following in their father's footsteps. Steven Kemp is a Physical Education Teacher at Alhambra High and Gary Kemp is a high school Vice-Principal in Corcoran, California. The Kemps are also the proud grandparents of ten grandchildren. During his spare moments, our Principal enjoys operating his boat and carving exquisite woodcrafts for his home.

The students and faculty would like to express their sincerest thanks to a man who possesses and has displayed wonderfully, during his many years at Mark Keppel, the rare qualities of truly dedicated educators. For his patience, love, and devotion, we thank JAMES KEMP.

Marilyn,
I sure am lucky to have gotten to know you. You have one of the best personalities I have ever seen. Please keep it. Good luck in the future and in all you do. See ya around.
Love,
Ellen Carver

Retiring Personnel

Several of Mark Keppel's personnel are retiring this year. Each one of them contributed greatly to the school. The efforts they extended in helping students throughout the years will always be appreciated.

Mr. Imes
Math-Science

Mr. Fredrick L. Imes has devoted 24 years of his life to teaching in the Alhambra High School District. He began teaching in Mark Keppel in 1958. His teaching in the math department was a tremendous contribution to the school.

Mrs. Murphy
English

For thirty years, Mrs. Elta Thomas Murphy has been teaching Latin and English at Mark Keppel. Her enthusiasm in Latin helped to bring about the popularity of the Latin club, which she is credited for having started.

Mrs. Schwafel
English

Mrs. Corrine Schwafel, an English teacher, started as a long-time substitute at Keppel in 1947 and she has continued on ever since with the exception of 1949-50.

Miss Sparks
Gym

Miss Henrietta Sparks has been Head of Mark Keppel's girls' physical education department since 1959. She first came to the school in 1947 after serving three years in the U.S. Naval Reserve.

Mrs. Williams
Secretary

Mrs. Nancy Williams came to the Alhambra schools in 1958. She has been the principal's secretary since 1964. Mr. James Kemp thought of her as being "just the greatest".

Crown and Sceptre

CROWN AND SCEPTRE, Senior Honor Society, is the recognition of outstanding students' scholastic careers. Founded in 1957, the organization consists of eight boys and eight girls who are selected each spring of their junior year on the basis of scholarship, social spirit, and participation in school events. The newly selected members are awarded gold crown and sceptre pins at a special club banquet.

The crown and sceptre are not only symbols of royalty, but of achievement. Reaching literally to the throne of knowledge these 16 superior students richly deserve to wear the crown and sceptre.

President Ben and V.P. Leanne scan the next meeting agenda with advisor Mr. Robert Katz.

American Field Service . . .

. . . Takes Tom To Watch The Rhine . . .

A summer of educational experiences was the objective as Tom Price, Americans Abroad Program finalist, jetted his way to Jerstedt, Germany.

Tom stayed with Mr. and Mrs. ("Papa" and "Mutti") Stedtnitz and brother Gerd in Jerstedt, a city of 1600 people. Goslar, the nearest big city (population 35,000) is only three miles away. Tom attended school, learned how to communicate in German, and was introduced to Germany's customs.

"I had a few too many expectations at first," Tom recalls. "Mostly you find out how ignorant you are."

German customs, he found, vary from those in America. It is considered "piggish" to eat with one hand resting in the lap. "I was a pig for a month without realizing it!"

The beauty of the country and of the people, and the adventure of learning in a foreign country are experiences which Tom wishes to always remember.

Tom plays a short tune he learned while in Germany

Running through a few souvenirs. His jacket is genuinely German.

Tom proudly displays his authentic German stein

. . . And Brings . . .

. . . An Aussie Accent

Eating-a favorite pastime

The 3 R's get attention for a few moments

There are many adjustments to be made when you travel half-way around the world and spend a year with a family you have never seen before. They may be as simple as a change in eating habits or as basic as a change in language. One thing that will always remain true—when making such adjustments you will find out a great deal about yourself and others as you become more sensitive to the people around you.

One question I am asked quite often is, "What do you think of the United States?" I believe this must be answered honestly or not at all. This country has a lot of problems, notably pollution and secondly the fact that Americans seem unable to live with other Americans who happen to have a different coloured skin. This you may say is a world wide problem, but here it seems more intense. On the other hand the United States has a lot going for it. For example, the friendly and generous nature of the people and the ability they have to adapt, as they have shown in the past. For these reasons I think the people of the United States will be able to solve the problems they have.

I have enjoyed my stay in America and I have always been made welcome wherever I have gone. For this, I would like to thank all of you.

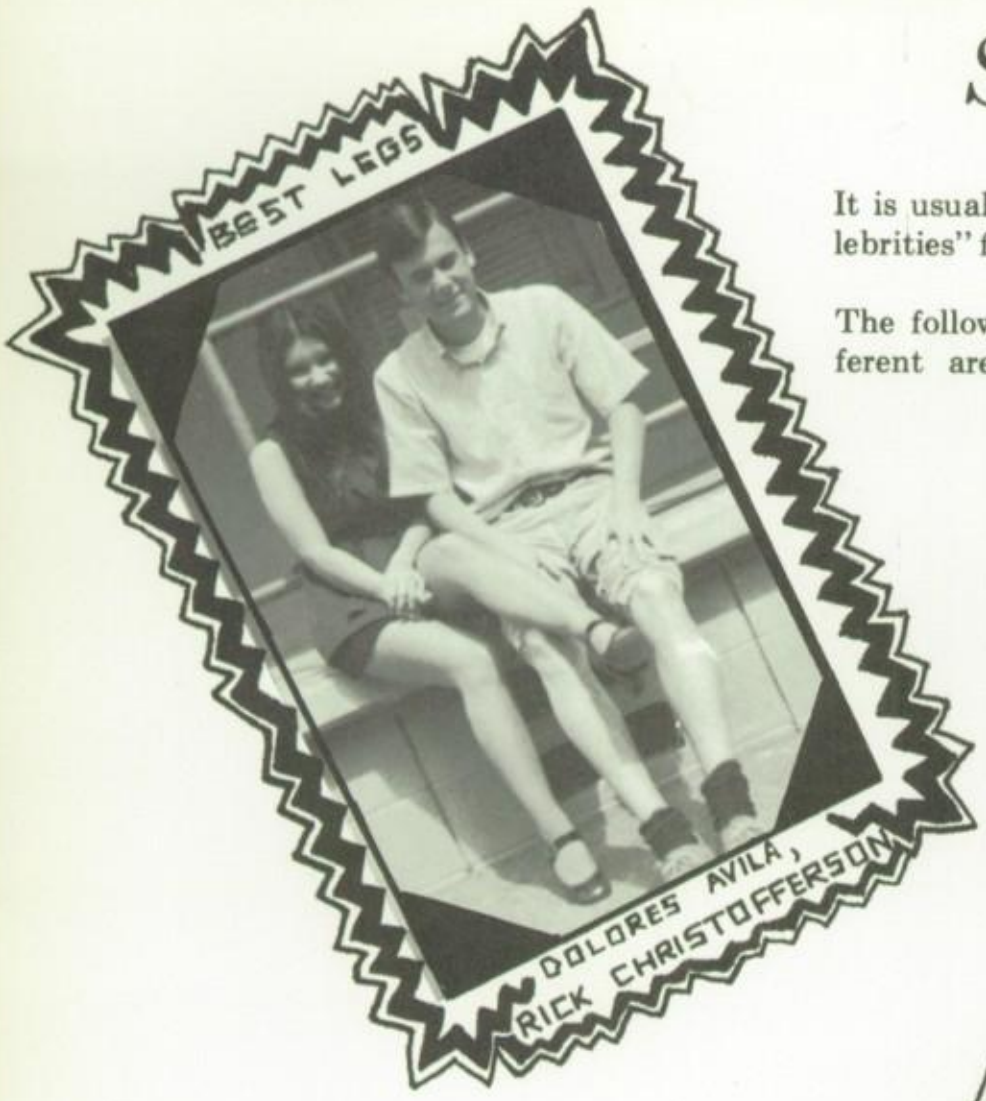
Senior Superlatives

It is usually the tradition of the senior class to recognize outstanding "celebrities" from among its members.

The following seniors were chosen through a senior poll to represent different areas of school life-personal achievement; athletics; leadership.



These "mind stickers" have gained the label for their particular catagory by their antics and actions during their stay at Aztec Village.

Marilyn,
It's been lots of fun and good.
Be good. Love,

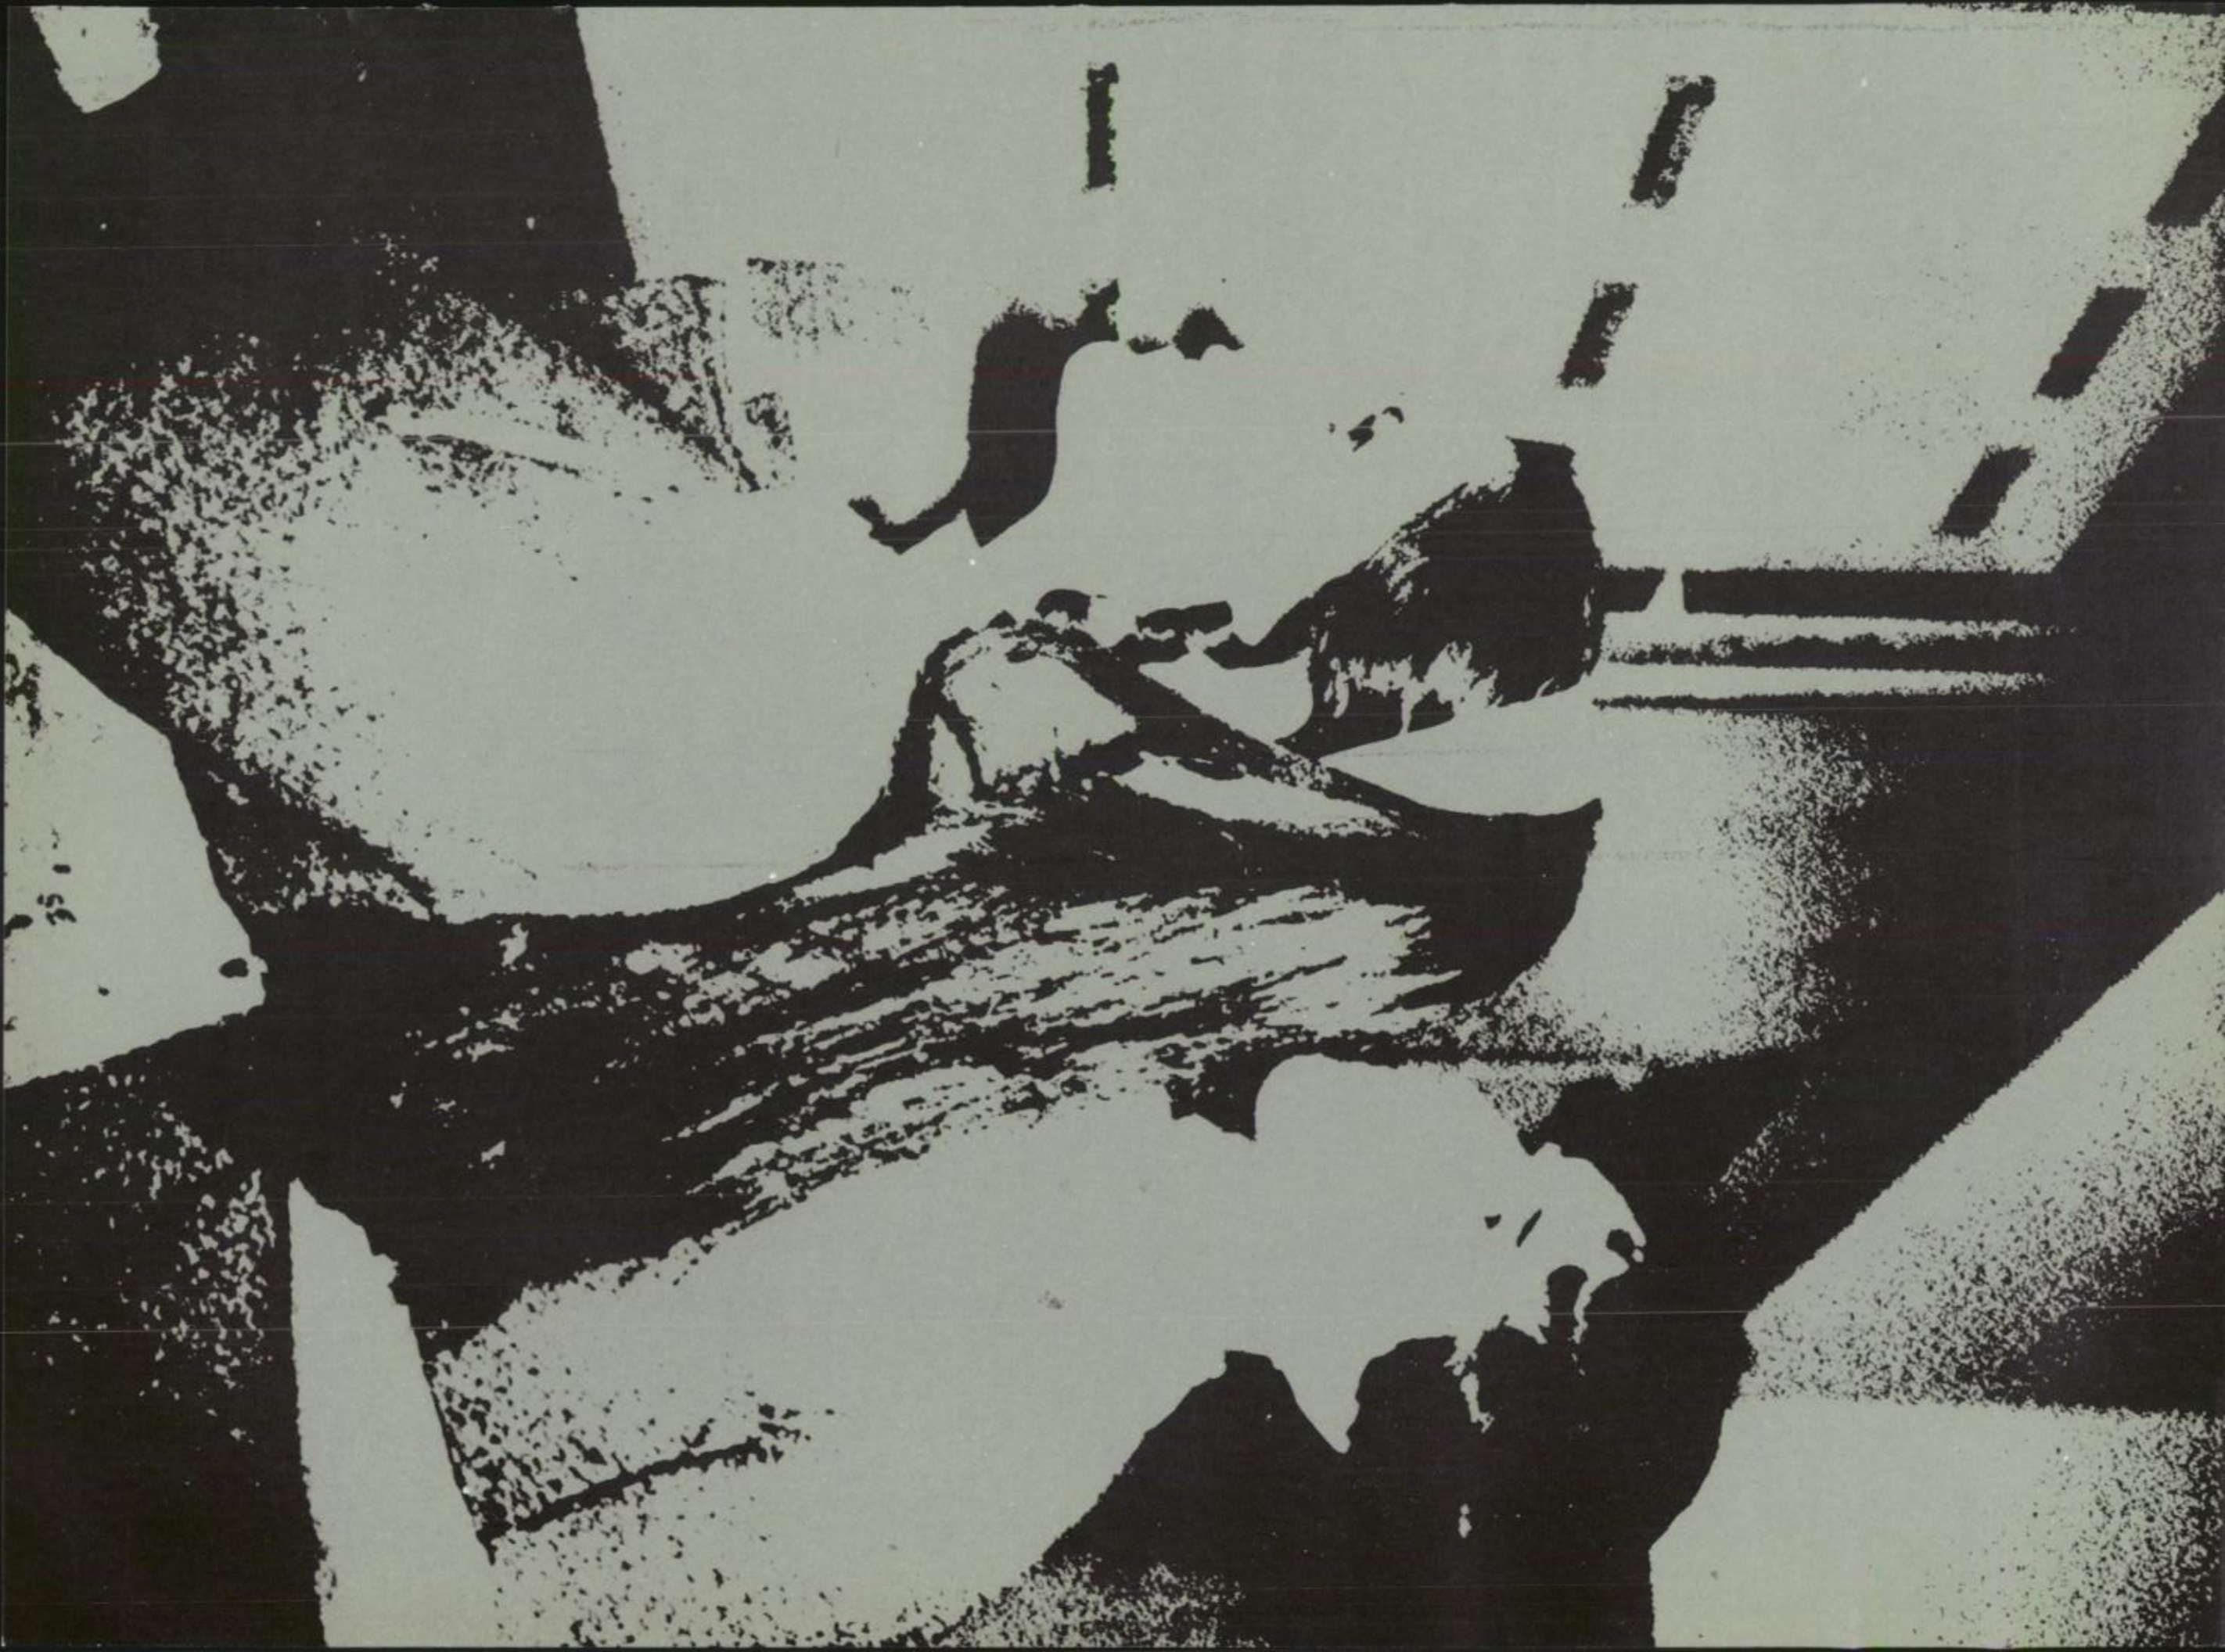
CLUBS



Ecology

The purpose of the Ecology club is to try to improve the environment by having reclamation drives which take bottles, cans, and papers and recycle them for reuse. They also try to make the community aware of the serious problem of pollution. They went to the elementary schools and presented an ecology-oriented program. Several field trips were also made.

THE AZTEC

It was a year of firsts for this year's AZTEC staff. By Constitutional amendment, it was the first time in Keppel history the Editor was elected by the journalism class. This was the first year the staff met behind the big red door at the end of the second floor hall as a regular class. The paper also had a new adviser, Mrs. Patricia De Santis Rasmussen, known affectionately as Mrs. R.

The AZTEC is the school paper which publishes usually bi-monthly, except vacations. The paper is concerned with bringing school news, editorial leadership, distinctive features, and sports coverage to the students and administrators of Mark Keppel.

Activities involved in creating a paper include assigning stories, selling ads, interviewing, arguing, and trips to the printer.

The AZTEC continues to be sold for five cents per copy, showing that inflation has not yet crept into the realm of this remote part of the Fourth Estate.

Semester I Circulation Manager and semester II Feature Editor, Claudia Hooper absorbs the sun while thinking of feature story assignments.

Semester I Sports Editor and semester II Assitant News Editor, Bill Keyser figures the inches of a story for the front page.

Bob Lujan, Sports Editor semester II, finds relief from baseball, football, basketball, and track with a mind feeder.

News editor Diane Martinez tries to get a different perspective of school events for the front page.

Business Manager Leslie Matsuda totals the "greenbacks" from an AZTEC sale before billing advertisers.

Meredyth Potter, Semester I Ad Manager and Semester II Entertainment Editor, rests a moment after the AZTEC is published.

Photography Editor Archie Reyes and Assistant Sports Editor/Photographer John Rivadeneyra pause from regular camera duties to enjoy the view.

Susan Panzieri, Semester I Editor and Semester II Ad Manager, sneaks a snooze between publishing dates.

Fred Northrop, Editorial Page Editor Semester I, and Copy Editor Semester II, discovers a mistake in a reporter's story.

Daphne Stone, Reporter/Copy Editor Semester I, and Circulation Manager Semester II, pastes stories on the "big pinks" before sending sheets to the printer.

Jacky Walker, Copy Editor/Ad Manager Semester I, and Editorial Page Editor Semester II, seeks escape from the work awaiting in the AZTEC office.

Semester I Feature Editor and the AZTEC's "Fearless Leader" (Editor) Semester II, Stephanie Zanglis, directs the staff with journalistic jargon.

Mrs. Patricia Rasmussen, Adviser, looks over copy from the printer.

Teocalli

The Teocalli staff works hard all year to put the annual together for the students to enjoy. This annual is a pictorial rememberance of the year 1970-1971. There are several sections in the annual: teachers, sports, classes, seniors, clubs, and activities.

Each of these sections has a staff and a hard-working section editor. Many things are involved with Teocalli production Picture-taking, lay-out designing, and proof-reading are a few. This year the annual staff went to Universal Studios on their yearly field trip. We hope that this annual will bring back memories for many years to come.

"The Tribal Love Rock Musical"

The Halls of Hellman were ablaze with Holiday spirit last Christmas, as Keppel's music department presented the annual Winter Concert. The choirs and band warmed the audience with renditions of traditional carols, while A Capella lighted the auditorium with the Feast of Lights, a processional lighted only by electric candles. Preceding the evening concert, A Capella choir toured the halls singing carols and wishing a Merry Christmas to all Keppelites.

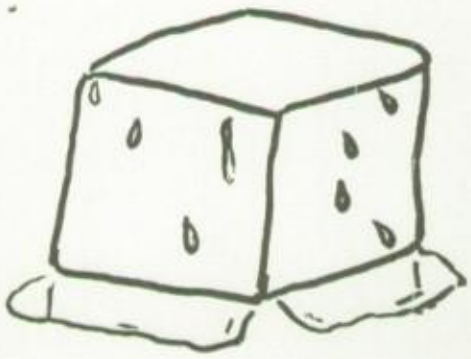
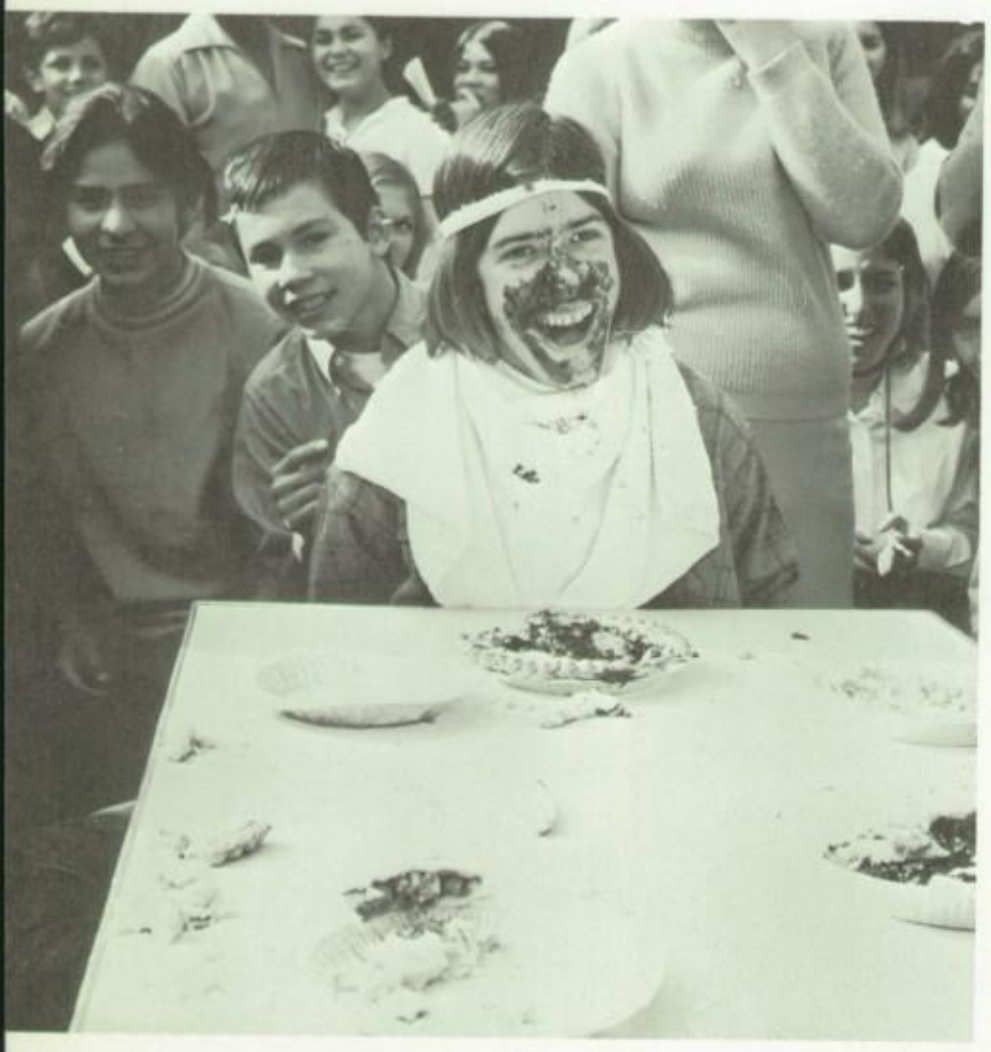
Ice Melting Contest

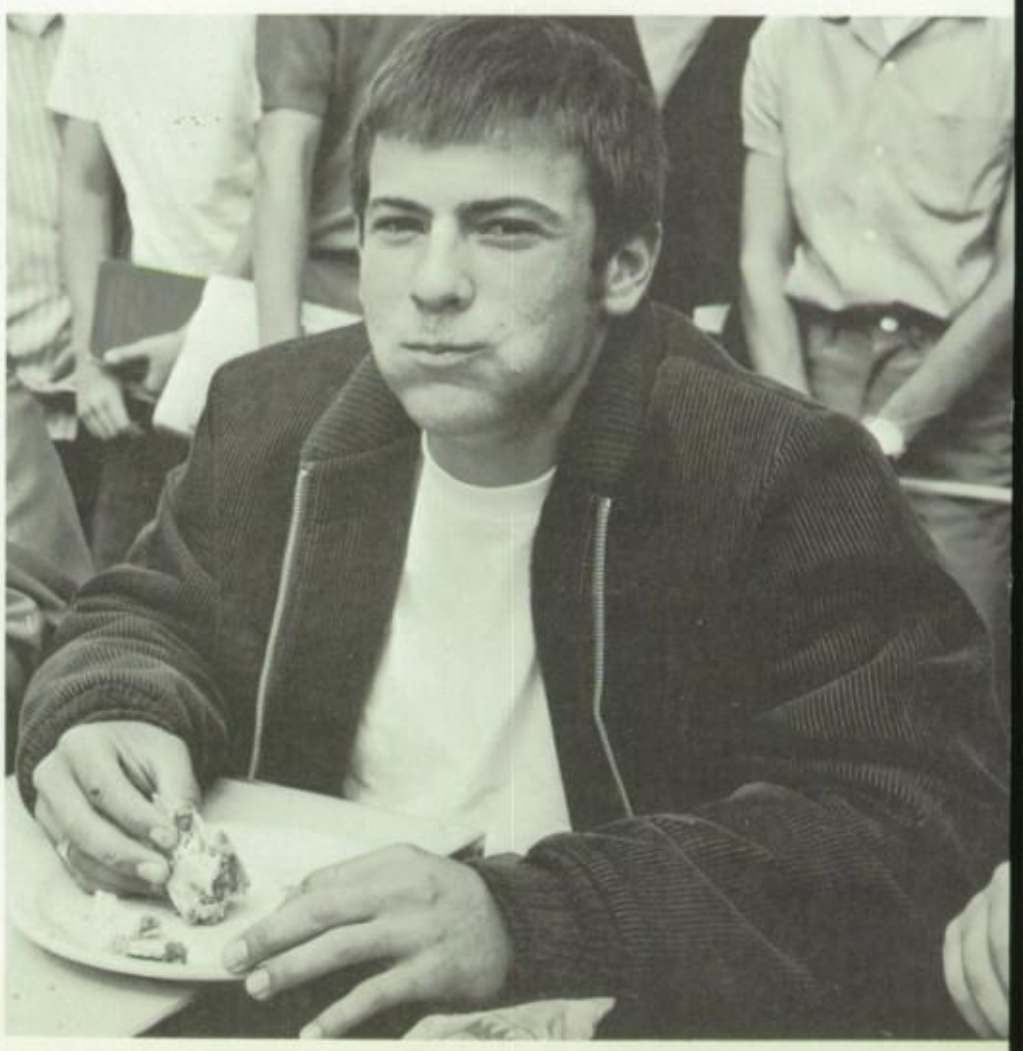


"Who's the hottest on campus?" was the question of the hour around Keppel last October, as Cabinet sponsored the first Ice Melting Contest. This cool idea was designed to tell who would be able to sit on a large cake of ice the longest. Although the contest ended in a draw, all the contestants sitting for the entire lunch hour, it was generally considered to be the best thing to hit Keppel since September.



Pie Eating Contest

Covered from nose to chin with gooey pie, victorious Art Moreno looks up from his now empty plate. Art was the winner of Keppel's Pie Eating Contest, one of a series of activities planned by Fall Cabinet. Hands tied behind their back, contestants attempted to eat their pie in the shortest time possible, using only their face for leverage. Like the earlier Ice Melting Contest, this contest was displayed on television.



Burrito Bash

Late last fall, Keppel went south of the border for a unique contest idea—a Burrito Bash. The purpose was to determine who could eat the most burritos within a given time period. The food was donated by local restaurants free of charge. Planned by Student Body President Mike "Frog" McCasland, such contests are designed to encourage student participation and as a form of good old-time fun.

The Dating Game

Romance was the name of the game as "The Dating Game" made its way to Keppel. Cabinet's version of the famous television contest pitted a panel of boys versus a group of girls in an attempt to find the perfect date. The idea went over so well that later a "Steady Game" was organized (below).

The Steady Game

"The Steady Game," Mark Keppel's version of "The Newlywed Game" television show, made its appearance last January. Couples going together for a year or more were eligible to compete. Questions designed to tell how much the mates knew about each other were fired out, with a winner being crowned at the end of the show. As grand prize, the winning couple received tickets to view the taping of the television show Hollywood Stars.

Mark Keppel was presented with the "Outstanding High School and Youth Award" as the best high school in Southern California in 1971. Sponsored jointly by the Cystic Fibrosis Foundation and radio station KRLA, the award recognizes the school which has completed the most service projects. As part of the award, KRLA sponsored a benefit concert at Keppel featuring "Wadsworth Mansion" and "Sky" with the proceeds going to the Cystic Fibriosis Foundation.

"500 Club"

The "500 Club," a new organization is open only to those varsity football players who do an outstanding job over the season.

A player's performance is rated on a point system devised by the coaches: Anyone accumulating 500 points during the season is eligible for membership.

Some ways of obtaining points are by making a defensive touchdown (50 points). throwing the key block on a touchdown play (25 points), tackling the opposing quarterback for a loss (25 points), or making a tackle (10 points).

A league championship for a first-year team: an impossible dream? Not for Mark Keppel's first-ever soccer squad. In their maiden season, the Aztecs not only won the Metropolitan League title, but finished third in C.I.F. Keppel played to a 9-2-1 record, climaxed by a 0-0 tie aginst South Torrance in the consolation finals, tying the teams for third place in Southern California. Finishing league play with a 5-1 record, tied with Redondo for the crown, the Aztecs were forced into a play-off, which they pulled out 2-1 in triple overtime. Now in the C.I.F. tournament, Keppel took a qhick 3-1 decision from St. John Bosco, only to bow to C.I.F. champion San Gabriel by an identical 3-1 margin in the quarterfinals. There were several individual stars, with seven Aztecs making the all-league team. Leading the team to victory, however, was Coach Werner Barsuhn, once a semi-pro soccer player, who gave up his student teaching duties at Cal State L.A. to manage the Aztecs squad. "I really wanted a championship team," the coach once remarked. "That's why I put in so many hours with the boys."

Leading the Aztec charge to victory in 1971 was super center Joey Ward.

The Pacific League's Most Valuable Player, Joey's 25.4 scoring average was the best in the San Gabriel Valley.

Ward broke the school scoring record against Alhambra midway through the season, and finished his varsity career with 1101 points.

His top performance was in the C.I.F. play-offs against Notre Dame where he bucketed 40 points.

Although only 6' 3", Joey made the all-Pacific-League team both his varsity season.

One of the biggest surprise in 1971 was the unexpected success of Keppel's varsity basketball squad.

Roger Denerson

Steve Ensberg

Although playing to only an 11-12 season record, this year's team achieved the most success of any Aztec squad in several years.

At one point the Aztecs were tied for first place in the Pacific League, and ended league play with a 10-4 record, good enough for second place.

The climax came when Keppel defeated champion Monrovia 70-45 1st in the season, after which the Aztecs dropped three out of four starts, dropping them from contention.

Keppel was admitted to the C.I.F. play-offs, but was quickly eliminated, losing to Notre Dame 92-67 in the first round.

Stars were center Joey Ward, the Pacific League's Most Valuable Player, and forward Mark Upstill, who made league honorable mention.

Together, they led the Aztecs to a truly successful '71 campaign.

We've Only Just Begun

Marilyn,
I finally got it! It's hard for me to comprehend what a truly good person you are! You are so full of love for man! I wish there were more people like you. I can't possibly wish you happiness because you are the happiest person I've ever met! Best of luck in life.
God Bless You
Sue Parziere

Marilyn,
It's hard to put down into words what I've gotten out of our friendship. I'll remember you always - this is not good-bye. See ya!
Love, Gail (Kammert)

Dear Marilyn;
Hm. I'm not sure how to begin except thank you for being my friend these past few years. Beginning in our gym classes and the great square dances we dreamed up. That was fun wasn't it?
May God bless you always and in His keeping. You have the best going for you if He does. Good luck in the future.
Peace, Life, Love— Jacky
